38w x 38d x 38h

Diamonds are a girl's best friend! Well, these lovely accents aren't diamonds, but the hand cast rock and cut crystals shine just as brightly while they embellish this refined curved arm chandelier. The gleaming golden finish is softened by a brushed cream glaze. A distinctive cluster of cast rock crystals and a golden orb add the final touch of elegance to this stunning chandelier.

## ABOUT US:

Furniture Classics has been importing fine handmade antique reproductions and cutting-edge designs from around the world since the 1980s. We share over three decades of experience in the furniture industry with two family generations involved in the day to day operations. We display an unparalleled commitment to our business and our customers. From antique buying trips throughout Europe to frequent factory inspections in Asia, we stay on the cutting edge of new products and quality control techniques. If you'd like further information about our company, please give us a call at 757-627-4844.

## ABOUT OUR PRODUCT:

We design and manufacture furniture made of solid wood, with style and value in mind. Our wood species include acacia, spruce, elm, mahogany, oak, pine, alder and teak. We source from our partner factories in Indonesia, China, and India. Furniture Classics' owners and managers frequently travel overseas to review quality control practices and work with vendors on the improvement of construction methods and refinement of design.

Our unique pieces of furniture may include sustainably grown or recycled timbers, and are hand constructed by individual craftsman using traditional joinery and techniques. Solid wood furniture is affected by humidity and atmospheric pressure, so it continually responds to its environment. Some splitting, cracking, warping, or other movement of wood components may occur. Additionally, recycled materials are assembled in their natural state and may exhibit variations in size or coloration. This is the inherent nature of using these materials and is to be anticipated. We cannot warrant against natural characteristics or naturally occurring responses to environmental factors. All of these factors are non-structural and are part of achieving the authentic nature and emotional appeal of our product.

## FREIGHT CHARGES:

Freight charges are a flat percentage applied to cost of goods shipped by our designated furniture carriers. Each state or region has a designated rate. Fuel surcharges, as recommended by the US Department of Transportation, and as adopted by the trucking industry, may be applicable. Some common carrier shipments may be shipped "freight collect" at our discretion. Common carrier shipments that do not make "minimum freight" will be charged the carrier's minimum rate fee. We will make every effort to combine existing backorders in an effort to avoid minimum freight charges.

DELIVERY: IN STOCK: 1-3 WEEKS NON-STOCK: 4-10 WEEKS (ESTIMATED)

We make every effort to maintain inventory on our product line. Due to the nature of importing and our volume of business, this is not possible on all items. Please allow longer lead times for newly introduced items. Your order will ship as it arrives and may not be complete. If you will not accept partial shipment, you must notify us on each order. Any items you do not receive will be placed on backorder and ship as it arrives in our warehouse. Backorders are not subject to minimum freight, provided the original order met our freight minimums.

We ship our product on specialized furniture carriers. Your shipping notice will indicate the carrier delivering your order. All deliveries must be to a commercial address. Customers must have good street access and we must be able to get a 40' articulated vehicle within close proximity to the delivery point. Drivers are unaccompanied and in the case of larger pieces, will require assistance unloading, and most trucks do not have liftgates. Our carriers will make the ultimate decision on their ability to complete deliveries.

## RESIDENTIAL/NON-COMMERCIAL DELIVERY:

By request, goods may be shipped to a residence or non-commercial location from Furniture Classics via a designated white glove service, who will schedule the delivery with the consumer. Delivery is generally performed by a two-person team, typically in a box truck with a lift gate. If the consumer refuses delivery due to buyer's remorse, delivery charges remain your responsibility.

## CLAIMS:

At the time of delivery, all items must be inspected for damages. Concealed damages must be reported, via email with pictures, within 72 hours of delivery. You may either a) Provide us with a written estimate of the cost to repair and, if approved, we will issue a credit to your account in the amount specified in the estimate or b) Furniture Classics can request pick up and exchange the item at no charge to you. These returns are subject to mutual inspection and if found not to be factory defective or damaged, restocking or replacement charges could be applicable. A return authorization (RA) will be issued by our customer service department. A copy of the RA must be affixed to the return shipping carton. Items that are damaged must be returned with all parts and/or broken items in its original packing, prepared for shipping. We reserve the right to refuse items that are not returned complete. Any credit due is posted to your account and credit memos will be supplied upon request. All credits expire one (1) year from date of issue. We do not issue refunds.

We strive to provide the best possible photography on our website and in our catalog. For the best representation of our product, we encourage you to visit one of our three showrooms to see each item in person. Given the variables in printing, computer monitors, photography, etc., Furniture Classics cannot be held responsible for perceived variation in finish, and any claims submitted for color variations will be reviewed on a case-by-case basis.

Orders delivered to receivers must be inspected prior to leaving their facility. We cannot be responsible for any damages or defects that occur after our delivery. Any charges incurred for pick up or redelivery are solely the customer's responsibility.

Our product is designed and manufactured for residential use only. Any use outside of a residential situation should be approved, in writing, prior to ordering. Damage claims for issues arising from non-residential use will not be honored.
